"We were visiting my very sick father in Hawaii when my daughter was arrested. We were in an impossible situation. First Choice Bail Bonds was able to email us the forms and do everything remotely through email and fax. As soon as my daughter was released, they even made sure she had a ride to the airport so that she could see her Grandfather one last time. The compassion you guys had towards my family will not soon be forgotten."

"I had an outstanding warrant that I had been avoiding for several months. I was living with a constant paranoia that I would be arrested and lose my job and be taken from my baby daughter. Becky walked me through the process and was able to post bail for me without me having to go to court in person. The lawyer you referred to me thinks I can get this resolved without ever spending any jail time. What an amazing blessing you guys are! Thank you!!!!!"

"First Choice Bail Bonds was there for my family within minutes of my daughter's arrest. We had never needed a bail agency before and felt so overwhelmed by what was happening. As soon as the agent answered the phone I began to feel comforted. She was patient with my questions and very knowledgeable. You posted the bond and had my daughter home within hours of her arrest. It was really great working with you. I hope we never need your service again, but if we do, your number is now on my speed dial."

"My Son-in-law was taken into custody at his first court hearing. Luckily one of your agents was there on another case. First Choice Bail Bonds was able to post the bond right at the court and my son-in-law was released without ever having to be processed at the main jail. Without you guys, I can't imagine what we would have gone through. Thanks for you being there!"

S. Brown - Orange County

"My husband and I got into a stupid fight and one of the neighbors called the police. When the police arrived they took my husband into custody (don't even get me started on that!!!). When I learned that he was given a \$50,000 bond, I couldn't believe it. We don't have much money and I thought my husband was going to have to sit in jail for months until this case was resolved. That would have been devastating to us because he is the only one who has a job. First Choice bail bonds was able to put together a very easy payment plan and my husband came home that night. I HIGHLY recommend Becky and the crew at First Choice Bail Bonds. You are great people."

"My Son was arrested and the judge put a PC1275.1 hold on his bail. The first bail bondsman that we used tried to get the bail posted but the judge rejected the bond. First Choice Bail Bonds was able to help us through gathering the necessary paperwork and documents to make a successful PC1275 motion. This time the judge accepted our proof and we were able to get my son home that day."
